

AREND PETER CASTELEIN

FULL STACK SOFTWARE ENGINEER

apc1993@gmail.com | 678-925-6718 | Los Angeles, CA | www.arendpeter.com

SUMMARY

Ex-Amazon Full Stack Engineer and team leader with 10 years of experience delivering across corporate, start-up, and non-profit organizations. Consistently identifies team bottlenecks and resolves them. Expertise includes React, Typescript, and AI-powered development workflows.

SKILLS

React, TypeScript, MUI, Vite, [Next.js](https://nextjs.org/), PostgreSQL, Kubernetes, Azure, AWS, Python, AI Native Development, Communication, Cross-Functional Collaboration, Stakeholder Management, Team Leader, Process Improvement, Ownership, Influence without Authority.

PROFESSIONAL EXPERIENCE

Equal Vote Coalition

Nov 2024 - Present

Began as a volunteer developer in 2021 and grew into staff leadership over five years.

Program Director (Mar 2026 - Present)

Oversaw cross-functional initiatives, including our national chapter program, the national volunteer onboarding pipeline, and our comms committee. Served as a Board Director at Star Voting Action.

Production Lead (Jan 2024 - Mar 2026)

Led a team of volunteers to build the [BetterVoting.com](https://bettervoting.com) app, and continuously contributed across the full technical stack from React to Kubernetes to maintain context on the project and fill gaps when needed. BetterVoting has now hosted elections for organizations across the country, and has processed tens of thousands of votes.

Star Garden Games - Programming Lead

July 2021 - Present

Use Game Maker to ship 3 games integrated with Google Analytics. Built the tooling to give our artist full creative independence. The Steam title has sold over 40k copies, and the mobile titles have been installed across 100k devices.

Amazon - Software Development Engineer II

June 2016 - June 2021

Joined the CodeCommit and Amazon Linux teams. Built Python tools for AWS EC2 testing. Documented and automated a deployment process that had previously been manual and built on tribal knowledge. Also moved the team to infrastructure-as-code using AWS CDK.

EDUCATION

Bachelor's in Math and Computer Engineering
Georgia Institute of Technology

Aug 2014 - Dec 2016
